

Karcher T 15/1 Dry Vacuum

CODE: KART15/1

- Powerful, yet quiet European made vacuum ideal for commercial duties where strong suction and low noise levels are required.
- Large capacity with permanent washable nylon filter – unit can be used with or without huge disposable fleece filter bags
- Large rugged on/off switch positioned for ease of operation.
- The extra long 15 metre extra flexible cable can be wound around the cable wrap integrated into the machine canister.
- The fold out cable hook can be used as alternative cable storage when shifting to a new cleaning location.
- Floor tool and wands can be secured to machine via special bracket allowing the machine to be stowed in minimal space.
- Optional HEPA filter cartridge available
- Power socket for attachment of optional power brush.
