

Kärcher B140R

Code: KB140R

The Kärcher B90R Ride on Scrubber is the successor to the Kärcher BR and BD Trike models.

It comes complete with a range of features and innovative cleaning technology including:

- 75 or 90 cm scrub path with 1400 L tanks for efficient cleaning of large areas.
- Available with either BR Cylindrical brush head (with integrated pre-sweep) or BD Disc brush heads.
- Robust chassis and tanks, with 24V traction battery system for long run times.
- Brush pressure can be adjusted to match application.
- Clearly laid out controls and excellent sight lines ensure ease of operation.
- Metal fender to protect drive wheel and machine.
- Includes curved squeegee and powerful vac fan for optimum water pick up.

Applications: This unit is perfect for medium to large sized retail facilities that require daily cleaning, and other commercial and light industrial cleaning applications.

Standard accessories: Twin roller, or disc brushes, batteries and charger.
