

BV5/1

Battery and cable powered backpack vacuum

- The new BV5/1 dry vacuum cleaner features unique hybrid technology: depending on requirements, the unit can be operated in either the mains or battery-powered mode.
- **Benefits of battery operation include:**
 - More productive
 - Access to areas without power supply
 - Cable free for improved occupational health and safety
 - The sound level in battery operation is very quiet 58 dB(A) and makes the unit ideal for cleaning during normal business hours.
- The 15-metre power cable can be used when battery power is not required.
- The unit comes complete with two batteries and 4-way high-speed charger
- Exceptionally tear-resistant disposable fleece filter bags can be used, the fleece filter holds twice as much dust and dirt as a conventional paper filter bag.
- The advanced lithium ion batteries provide up to 40% more energy, and they are about 40% lighter than conventional NiCd or NiMH batteries.
- Run time with two batteries is 35 minutes. Recharging takes only 60 minutes per battery.

Applications:

The vacuum cleaner suitable for daytime cleaning during opening hours, in heavily frequented areas, in areas with a lot of furniture, e.g. in offices, hotels, shops and cinemas.

Standard Accessories:

Suction hose , 2x metal suction tubes, Disposable fleece filter bag, Washable nylon filter, combination floor tool, Quick charger, 2x Battery 25.2V/3.3Ah.

Technical data:

Air flow rate (l/s)	61
Air flow rate (battery mode) (l/s)	35
Vacuum (mbar /kPa)	244/24.4
Vacuum (battery mode) (mbar /kPa)	123/12.3
Container capacity (l)	5
Max. rating (W)	1300
Motor rating (battery mode) (W)	330
Standard accessory ID (mm)	32
Length of power cord (m)	15
Sound pressure level (dB)	62
Sound pressure level (battery) (dB)	58
Weight (kg)	8.3
Dimensions (L x W x H) (mm)	400x320x540
Battery running time min.	35
Time required to recharge battery (min)	60
Battery (V /Ah)	25.2/3.3
