

Karcher DE4002 Steam Pump

CODE: **KDE4002**

DE 4002	
Power Supply	240 V, 50 Hz
Heater	2250 W
Steam Pressure	3.2 bar (46.4 psi)
Steam Temperature (max.)	150 °C
Container capacity	2.4 L (Plus 2.2 L reserve tank)
Weight (without accessories)	7.5 kg
Dimensions (l x w x h)	480 x 305 x 265 mm

- Ergonomic carrying handle and bump guard
 - Easy to operate, very manoeuvrable and stable - controls and instruments are clearly laid out and keep constant check on units condition.
 - Low water indicator and thermal cut-out - Optical and audible warning signal, the heater switches off.
 - Infinitely **variable steam flow control** adaptable to specific cleaning tasks
 - Fully insulated **aluminium** boiler - corrosion-proof
 - Large tank capacity for long operation periods – the reserve tank can be refilled during operation.
 - **Pressure switch control** - Heater coil is switched off when max. steam pressure is reached
 - Service Control (Calcification) - automatic control of calcification; decalcify the boiler if control light is on, push reset (service) knob for calcification to restart service time after decalcification.
- Lightweight, flexible steam hose with safety coupling and insulated gun with on/off switch for steam feed
 - Two 0.5 m insulated extension tubes with plug-in coupling and lock
 - Floor nozzle, working width 300 mm, with clips for cleaning cloth
 - Cleaning cloth for floor and hand nozzle
 - Hand nozzle, working width 60 mm
 - Round brush, 25 mm diameter, with pencil jet for hard-to-reach areas or stubborn stains
 - Funnel tube

Safety features

- Patented safety machine cap with pressure relief valve - Child-proof, cannot be opened while unit is under pressure
- Solenoid valve control - Steam feed by on/off switch on gun
- Splash proof tested
- ✓ Compact and easy to operate
- ✓ Hygienic cleaning without the use of chemicals
- ✓ Variable pressure control from steam to hot water jet
- ✓ Safety pressure cap which cannot be opened when in operation
- ✓ Low water indicator and thermal cut-out
- ✓ Pressure switch turns off the heating coil once reached maximum pressure.
- ✓ Wide range of accessories
- ✓ Ideal for many applications.
