

## KM75/40

CODE: KM75/40

### A user friendly petrol or battery driven walk-behind sweeper with travel drive

- The KM 75/40 B is the new successor to the KSM 750 and is perfect for high performance cleaning with its user and maintenance friendly design.
- Ideal for cleaning various floor types including asphalt, pavements, concrete, carpets and hard floors.
- This machine is ideal for contract cleaners, logistics, automotive, craft and industry.
- EASY operation: (Ergonomic application system) - Select the appropriate programme with a single knob featuring self explanatory symbol system.
- Optimal filling of dirt container due to the overthrow cleaning principle.
- Quick change over of roller brush without the need for tools (adjustable to suit floor type).
- Performance sweeping even on gradients of 15°.
- Trolley grip and troughs for easy removal, transportation and emptying of waste container.
- Collapsible handle for easy transportation and storage.
- Easy collection of bulk waste up to 50mm in diameter.
