

KM90/60 Ride on Sweeper

Comfortable and modern ride-on sweeper for professional applications outdoors and indoors

Code: KM90/60 R

- Easy to operate with clearly laid out control panel.
- Waster container can be emptied with little effort, it is also simple to change the roller brush and dust filter.
- The large 4m² filter is also washable and cleaned automatically whenever the sweeper is turned off.
- Side and main brush feature hydraulic drive and are controlled pneumatically – requires less maintenance and is more reliable.
- Parking brake engaged automatically when sweeper is switched off.
- Unit operates on the overthrow principle, i.e. sweepings are thrown over the roller brush into the waste container situated behind it.
- The floating roller brush adapts automatically to uneven surfaces.
- A pedal-operated bulk waste flap allows easy pickup of bulky items.
