

## TENNANT 3220

### 36cm Dual Motor Heavy Duty Upright

**Code: TEN3220**

#### Long-lasting, rugged performance in a compact size

- Dual-motor performance means one motor spins the dynamically-balanced, high-speed brush while the other generates powerful, dirt lifting suction.
- US made roto moulded machine body for rugged durability and long service life.
- Easy to use and repair design.
- Protects indoor air quality with triple filtration system.

#### Key reliability and performance features

- Lightweight, ergonomic grip handle optimises user comfort at any angle.
- Vacuum bags feature 3-ply filtration and a generous 5 L capacity for increased productivity and sanitation
- Standard accessories include a crevice tool, live swivel wand and flex hose.
- Dual motor vacuum with powerful brush action and suction.

#### Brush Drive System

Dynamic balanced brush                      3600 rpm
