

CODE: TEN6200

Tennant 6200 Power Sweeper

Expertly-designed 6200 sweeper offers effortless operation and increased productivity

Built with Tennant's superior quality parts and engineering, the 6200 delivers virtually continuous operation. Expect increased productivity with efficient one-pass cleaning, and multi-level dump hopper.

Industry-leading sweeping and dust control

Auto Adjust™ engineering matches brush height to brush wear for sweeping of light dust and debris in one pass.

The 6200's 2-staged dust control helps remove air-borne dust.

Worry-free durability

Solid steel frame, hydraulic oil system and no-tool brush changes keep the reliable 6200 up and running, increasing machine uptime.

Easy operation increases productivity

Excellent sightlines, easy-to-use controls, and the multi-level dump hopper makes this machine one of the easiest to operate! The hopper can automatically empty the debris directly into containers up to 1.37 m.

Sweeping System

Cleaning path	
Single side brush	1070 mm
Dual side brush	1400 mm
Main brush change	No-tool

Debris hopper

Volume capacity	125 L
Weight capacity	136 kg
Dump height variable to	1.37 m

Dust Control System

Filter area	4.6 m ²
Vacuum fan speed	4300 rpm

Propelling System

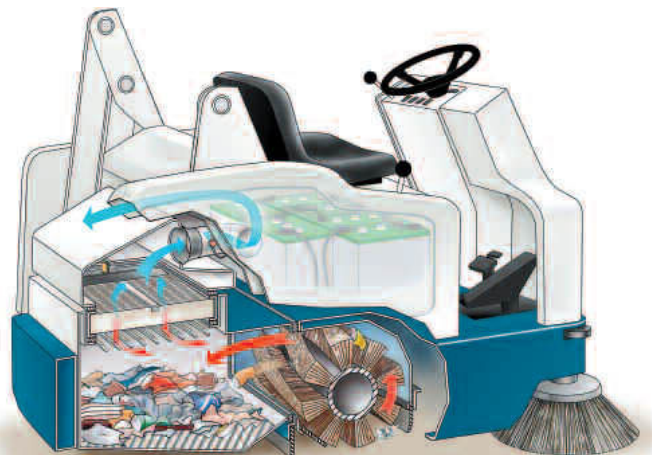

Battery Package (36 V)	235 Ah
Propelling motor	0.56 kW
Propel speed forward (variable to)	9 km/h
Propel speed reverse (variable to)	4.8 km/h

Gradeability

Full hopper	6 deg/11%
Empty hopper	10 deg/17.6%

Machine Dimensions

Length X Width x Height	1960 x 1230 x 1440
mm	
Weight (net)	746 kg
Weight (220 Ah battery package)	923 kg
Minimum aisle turn	1830 mm

Features:

- 360 degrees visibility plus easy entry and exit from both sides of the unit give operators fast access in congested spaces.
- Rear bumper and corner rollers help protect property and machine in tight spots.
- Patented sweeping technology with auto-adjusting recirculation flap ensures peak performance throughout the life of the brush.
- High-dump hopper holds 136 Kg, empties at any height to 1.37m.
- No tool brush and filter change simplify maintenance.
- VCS filter-shaking system effectively cleans filter; dual fail safe filter seal ensures dust control.
- The patented Thermo-Sentry protects against debris combustion.

Options:

- **Extend your cleaning reach** - Access hard-to-reach areas with the optional instantly-activated vacuum wand.
- **Enhance your capability** Quick Mop™ effectively dry mops smooth concrete or finished surfaces with the mop's wide, 5.5 ft / 1.67 m, path.
- **Increase productivity** Dual side brushes expand the machine's sweeping reach to clean more floor space in less time.
- **Increase Safety** Overhead guard for factory and warehouse applications.
