

Tennant S10

Heavy Duty Industrial Walk Behind Sweeper

Code: TENS10

Exceptional performance, durability, and dust control

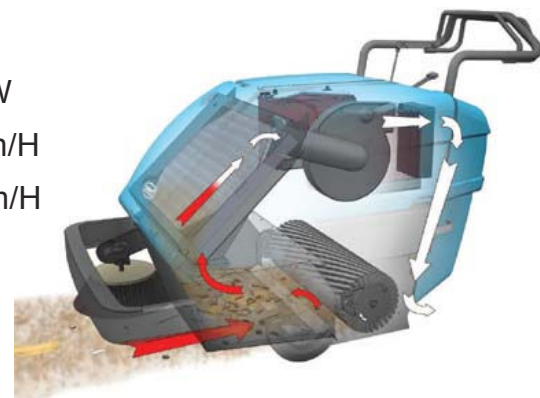

- Sweeps tight and open spaces better than any other walk-behind sweeper available.
- Increases uptime with the largest hopper of any walk-behind sweeper.
- Protects facility and employees from potentially harmful dust.

Key reliability and performance features

- Durable, corrosion-proof construction and wrap-around bumper protect the machine and facility.
- Two powerful, 155 amp batteries provide fume-free, long-running performance.
- Panel filter and vacuum fan capture dust to 3 microns.
- Larger 4.6m² filter with automatic shaker.
- Fully variable forward and reverse drive ensures easy maneuverability, in any direction.
- Comfortable, ergonomically designed handle ensures operator comfort.

Cleaning path	860 mm with single side brush
Hopper volume capacity	79 L
Hopper weight capacity	68 kg
Power Plant	24V Battery power 2x 155A 12V batteries
Propelling System	Drive motor 1.0 hp/0.75 kW Forward variable to 4.7 Km/H Reverse variable to 4.7 Km/H
Gradeability	7 deg 12.2%
Machine Dimensions	1600 x 910 x 940 mm
