

CODE: TENT1

TENNANT T1

Powerful & Compact Scrubber for Small Areas

Deliver superior results in the small spaces you couldn't clean before with the versatile T1 floor scrubber:

- For the first time, drastically improve the health and safety of tight spaces with the T1 scrubber's compact, best-in-class design.
- Reduce the risk of slip-and-fall accidents in narrow, congested spaces with excellent water recovery-- even in forward and reverse manoeuvres.
- Improve environmental health by reducing bacteria growth with easy to clean and sanitise Hygenic® tanks.

Key reliability and performance features:

- Increase your floor's cleanliness, with the T1 scrubber's 15 kg of focused down pressure and 1200 rpm brush speed.
- Maximize productivity with cord-electric power and an efficient 11.4 L solution tank that delivers up to 30-minutes of uninterrupted cleaning.
- Efficiently scrub in all directions and around obstacles with the T1's highly manoeuvrable four-caster design and exclusive Insta-Adjust™ handle.
- Easy-to-fill, -empty, and -clean Hygenic tanks offer tremendous convenience in even the most inconvenient locations.
- Ergonomic handles and grips decrease fatigue and increase operator satisfaction.

Key available accessories:

3 brush types: soft nylon, polypropylene, and abrasive bristle
